

Cleartech Portal 2021.5 Upgrade

As part of an upgrade, an update for the Cleartech Portal to Version 2021.5 will be released by 22 November 2021. It is a functional release with back-end code improvements and bug fixes. No downtime is expected.

1. Contract Validation for Trade Entry

Validation message prevents trades with maturities beyond tradeable contract series from being entered.

If you encounter any issues, you can reach EEX Asia Market Operations at **+65 6206 9828** or via email at marketops@eexasia.com.

Refreshing your page (Ctrl+F5) or logging out and back in prior to use is recommended. Thank you for your continued support.
